PROFILE

I am a highly creative candidate with a passion for visual-storytelling. As a graduate in Film Production from UCA, I understand the filmmaking process from pre through to post production. I have a practical working knowledge of the methods involved, acting as a team and achieving deadlines, both artistically and technically.

SKILLS

Software: Final Cut, Adobe Premiere, Final Draft, MS Office, Mac & Windows OS.

Full UK Driving Licence and own Car. Valid Passport. First Aid Trained.

Kick-ass Drummer. No seriously, check it out - <https://youtu.be/CyigRypD1ZM>

EXPERIENCE

I have produced short films, music videos and showreel specific scenes, building call sheets, securing locations, and sourcing crews. Whether it be screen, stage or even motion capture, I have sourced props, decorated and built sets, as well recorded and mixed sound. Working on the edit, I am adept at cutting, adding titles and effects, including colour correction.

Professional work experience has been gained in runner and production assistant roles at Jeremy King FX working on feature film special effects, Sunset and Vine where I gained lots of creative team experience, and At It Productions, where I enjoyed keeping up with a fast paced production office.
