## SKILLS

I am an experienced videographer and editor, having created short video projects independently and as part of a crew. I gained experience of every role and every stage of film production at university, and have professional videography and motion graphic design experience with Fuel Integrated. As a freelancer, I have created social media video projects for Tate Modern and Mrs Wordsmith among other commercial clients. I am proficient in Adobe Suite, particularly Premier Pro and After Effects, as well as Final Cut Pro and DaVinci Resolve.
