Employment History

Editor / Quality Controller / Ingest Operator / Previewer
2021

1993 – March

Encompass Digital Media

Started role with the organisation previously known as MTG which was later overtaken by Encompass Digital Media. Across these organisations I have worked several positions during my time and some of the responsibilities I have undertaken include but are not limited to:

- Experienced VT operator from Bet SP through to full HD
- Knowledge of media asset management systems Pharos and Mediaflex
- Ingesting of both long and short term digital media
- Quality control of media assets ensuring specifications are met
- Recording of live feeds
- Experienced with editing software such as Adobe Premiere and Final Cut
- Essential Editing skills from 5.1 through to multilingual content
- Previewing content for transmission
- Liaising with customers to ensure compliance, quality and specifications are upheld
- Providing final say on content quality for transmission
